Personal Website

ABOUT ME

As a Dynamic and Fresh ReactJS Frontend Developer, with over a 2 year of hands-on experience, I'm passionate about crafting engaging user interfaces and dynamic experiences. My expertise in media queries ensures responsive design, while attention to detail guarantees pixel-perfect execution. Proficient in Figma for design collaboration and Next.js for powerful web apps, I excel in server-side rendering (SSR) and SEO optimization. Let's collaborate and create something extraordinary together!
